TAKE YOUR MESSAGE ON THE ROAD

TCM Trailers have the largest exhibition trailer hire fleet in the UK

Based in the Midlands, we are conveniently located to serve the whole of mainland Great Britain. Our hire fleet includes a range of exhibition, road show, event and merchandising trailers, and we also supply a choice of exhibition and event furniture and equipment too.

In addition, our dedicated manufacturing operation ensures that we build only the highest standard of trailer for both our hire fleet and those that we sell to our clients. And if your own trailer needs work, we offer a full refurbishment and servicing facility.

We've worked with some of the biggest names in the UK, but that doesn't mean we don't equally value our smaller clients; if you come to us with a major high street campaign or simply require an exhibition trailer for a single day at a local agricultural show, we'll provide you with the same level of individual and professional service.

Trustworthy, adaptable, value for money

Our company values are based on reliability, flexibility and cost-effectiveness. We are always open about our prices, you can view them on our website www.tcmtrailers.co.uk, and we continually strive to exceed expectations.

We are a small team who successfully deliver to some of the biggest names – so if you want to hear more about the services we offer, call us on **01543 546474** to speak to a member of our friendly office team, and find out for yourself how we can help you take your message on the road.

WHY CHOOSE US?

- Trustworthy
- Adaptable
- Great Value for Money

WHAT WE OFFER

We provide trailers for:

- Exhibitions
- Roadshows
- High Street Campaigns
- Trade Shows
- Festivals
- Sporting Events, and more...

WE ALSO SELL TRAILERS TOO!

WE ARE FAMILY

TCM Trailers today is as much a family business as it's always been

Established in 2003 by Martin and Lindsey Parnham, we initially set out to provide companies with a high street presence without the expense of high street rents. We quickly established long-term relationships with a number of major household names, working initially with telecommunications companies who needed to promote their brand in high footfall areas. Energy companies followed shortly after, as they realised the potential of engaging directly with potential customers and linking in to national promotions.

Nowadays, we specialise in small to medium sized trailers for high street customer acquisition campaigns and are market leaders in this sector, placing our clients directly in the path of their potential customers in over 400 locations across Great Britain. We run multiple-trailer campaigns for a range of household names at over 40 high street locations per week, 52 weeks a year. We can also assist with high street venue bookings.

Years of experience and an unrivalled knowledge of town and city centre locations

At TCM Trailers, we provide 4m to 7m exhibition and hospitality units for hire at exhibitions, show-grounds and events. Because we operate 52 weeks a year, we can offer our services at prices much lower than those of our competitors. We provide free furniture as part of our exhibition trailer hire packages, many trailers are fitted with kitchens, and if you need protection from the British weather we can provide Perspex screens or glazed doors across the front opening.

Together with our exhibition and hospitality units, we also have a range of merchandising trailers with retail counters and internal slat-wall panels for use as retail shops and for ticket resolution. Alternatively, we have a range of units available for use as a walk-in shop for more direct customer engagement. Our merchandising and retail units are all available for both short-term and long-term hire.

We hire, we sell, we build

Because we were often unable to buy trailers of the quality and durability our hire fleet required, we started to build our own. As such, we now offer exhibition and merchandising trailers from stock, and can even build to your specification from scratch in around 10-12 weeks. Our trailers come in a range of sizes from 3m to 6.5m in length and in a variety of designs, so we're bound to have something to suit your needs.

WHAT'S IN A NAME

People often ask where the name TCM Trailers comes from

Well, our Director, Martin Parnham, spent ten years providing town centre management (TCM) services to towns within the Midlands. These services were unique in that no Local Authority funding was sought and all activities were commercially financed. High street events and promotions were used as a platform from which to generate private sector sponsorship which, combined with media interest, enabled strategic influencing of town centre policy.

Thanks to this background in town centre management, we are uniquely placed with an unrivalled knowledge of the people, places, venues and processes involved in taking our clients onto the high street.

The relationships established over twenty-five years of town/city centre and out-of-town retail involvement, put us in the strongest position to deliver a comprehensive and effective service to our high street clients.

Detailed knowledge

At TCM, we aren't just a call centre: we are the only venue booking agency that actually delivers to site, so it's in our interests to have a detailed knowledge of contacts, information, photographs and venues which proves invaluable to our clients.

...and if you want to know the story of how we picked up our first trailer, or how Sky TV came to be one of our first clients, then just ask!

STAND AND DELIVER

Direct, face to face contact with potential customers

TCM are proud to be the largest UK provider of trailers for high street marketing and customer acquisition campaigns, managing over 40 sites per week for a range of household names, including telecoms, credit card companies and national gym providers.

For direct contact with potential customers, high street campaigns are an effective form of marketing, putting your brand directly in the path of potential customers. High street trailers enable you to undertake face to face promotional activity in high footfall locations with no capital outlay, no contract and no risk.

Most trailer campaigns run Monday to Sunday with a week in each location, but if you do decide a venue is working for you and stay at the same site for more than one week, we offer discounts for the second and any subsequent weeks.

At the start of your campaign, we'll meet your staff on Monday morning to ensure they know how to use the trailer and generator. As the trailer campaign continues, we move the trailer overnight for you. You don't need to meet us: just use the combination padlocks, open up your trailer and start promoting.

Flexibly designed to suit your budget and campaign timetable

We don't ask for long-term contracts, and as long as permanent graphics aren't used you can turn your high street trailer campaign on and off as required – for example if you need to tie in with national deals, or are testing a new area for the first time.

If you need advice or assistance with booking high street promotional sites, we can provide information on over 400 suitable venues and costs, giving you the benefit of over 10 years' experience with high street trailer campaigns.

If you want us to book the trailer site for you, we charge a booking fee of £90 +VAT on top of the venue cost to complete all the paperwork and obtain any licences required. Put simply, we deal with all the boring stuff, leaving you to focus on your campaign strategy.

Importantly – unlike other venue booking agencies – we're not just a call centre: we physically visit high street locations to deliver trailers on a weekly basis and have a direct relationship with many of the town and city centres that offer sites for commercial promotions.

The largest UK provider of trailers for high street marketing and customer acquisition campaigns.

HIGH STREET CAMPAIGNS & PROMOTIONS

UNLEASH YOUR BRAND'S POTENTIAL

Looking for a platform from which to reach businesses and consumers, improve brand awareness, generate leads and sell products and services?

At TCM Trailers, we have the answer: a flexible, cost-effective range of trailers from small 3m options up to 7m hospitality units which offer a comfortable seating area, kitchen and storage, providing a convenient space for entertaining and networking with clients.

We provide a range of different sizes and designs, with open-fronted options to encourage people to enter, or with partial or totally-enclosed spaces for extra privacy. Our exhibition trailer hire fleet is continually upgraded, with high specification internal fittings, lighting, furniture and storage added.

All TCM exhibition trailers have a number of branding opportunities both inside and out for maximum impact, and we can provide a range of digital screens to help you get your visual messages across.

Efficient delivery, quick and simple to set up

We deliver direct to site prior to the event and our trailers are extremely simple to use. Your staff can set up and be ready to promote within five minutes of the trailer's arrival on site. All our trailers are secured with combination padlocks, meaning a quick break-down after a long day at the event (and there's no arguments about who lost the keys!).

Our prices can be found on our website www.tcmtrailers.co.uk and include delivery, with no unexpected additional costs. One price covers the whole of England and Wales, giving you the confidence to budget for and plan your shows and events in advance. If you're planning an event in Scotland, Northern Ireland or the Republic of Ireland, please ask us about the additional costs for these locations to cover ferries, travel and subsistence.

We are often asked about cost-saving **self-drive options** which are available on many of our trailer models, so if you have the correct towing vehicle, licence and driver, you can pick up from our storage facility in Lichfield, located close to the Midlands motorway network.

Our exhibition trailer hire fleet is continually upgraded, with high specification internal fittings, lighting, furniture and storage added.

**EXHIBITION
TRAILER HIRE**

MAKE MORE MONEY FROM EVENTS

Temporary retail space designed to maximise spend

At TCM Trailers, we have a range of merchandising/retail trailers available to hire on a long-term or short-term basis, an ideal solution if you need a temporary pop-up shop and perfect for all occasions including festivals, music concerts, sporting events and air-shows.

Our merchandising trailers are an ideal base for ticket resolution, online order collection or to sell sporting goods, T-shirts, hats, hoodies and other merchandise, with sizes from small 4.3m units, ideal where space is limited, up to 6.5m trailers where more selling space is available.

Adaptable to your needs

Merchandising trailers from TCM can be used either with retail counters across the front opening, or as a shop that customers can walk into to view products. Just let us know how you envisage using the trailer and we will be happy to discuss your options.

The internal walls of the trailer can be fitted with slat-wall panels, enabling you to use your own eurohooks or shelving to display your products. Due to the huge variety of slat-wall fittings used by our clients we don't offer slat-wall fittings for hire, but if you need to purchase some we can provide a link to our supplier and just charge for any items you order at cost.

Our merchandising trailer hire prices include delivery and collection, and long-term hire can be an effective solution if you need to keep the unit stocked and ready to go.

We proudly provided trailers for the **Rugby World Cup 2015**, **The European Cup Carlsberg Trophy Tour**, the **Six Nations Championship**, events at Wembley, the Principality Stadium, Blenheim Palace and football, cricket, rugby league and rugby union clubs.

Just let us know how you envisage using the trailer and we will be happy to discuss your options.

MERCHANDISING & RETAIL TRAILER HIRE

HIT THE ROAD

Engage directly with consumers, demonstrate your products and raise your profile

Roadshows from TCM Trailers are a great way to introduce your products or services, to consult with the public or to promote your brand across the UK.

TCM have in-depth experience of working with many major companies, charities and public-sector organisations – either in partnership with roadshow management companies or providing a full management service including booking space, providing promotional staff and trailer branding.

We've provided trailers for a number of national roadshows including: Lloyds Pharmacy, Scruffs Workwear, 3M Purification, Dunlop Goodyear, Shell Fuel Save Britain and the National Encephalitis Society 21st Anniversary Roadshow.

TCM Trailers are a great way to introduce your products or services, to consult with the public or to promote your brand across the UK.

No complications, no issues: no worries

As with all our exhibition and merchandising trailers, we don't have complicated key handover procedures, preferring to use secure combination padlocks instead. Our trailers are designed to be set up and ready to use in less than five minutes, and they break down just as easily at the end of the day.

We'll provide you with an easy-to-follow trailer manual and meet your staff on site on day one to provide a full training session. All our roadshow trailers are provided with a current electrical certificate, fire extinguisher and a small first aid kit, while all the electrical items within the trailer will be PAT tested.

As with all our trailers, the way you lay out the internal space in the trailer is entirely up to you – just tell us what you want to achieve and we will suggest appropriate furniture and graphics options. From digital screens and TVs to mobile WiFi units, we'll ensure you have everything you need to power up, stay connected and make a powerful and lasting impression while on the move.

ROADSHOW TRAILER HIRE

10 THINGS TO CONSIDER WHEN HIRING A TRAILER

1 WHAT IS THE OBJECTIVE OF YOUR EVENT OR PROMOTION?

Are you promoting your brand or signing up new customers? Do you want visitors to your stand to come inside the trailer, or is this area mainly to be used for storage and a staff break-out zone?

2 WHAT SIZE PITCH DO YOU HAVE?

If you have booked a 6m pitch, a 6m trailer won't fit! Always check the **Images and Dimensions PDF** for the trailer you want to hire to make sure it will suit the space available.

3 DO YOU NEED POWER TO THE TRAILER?

If you need to power the lights and sockets inside the trailer, you'll need to book an electricity supply on site. If one isn't available, then ask us about **generator hire**.

4 HOW WILL YOU BRAND THE TRAILER?

The right trailer graphics are essential if you want to stand out from the crowd. Remember that your trailer should be visible from a distance, so be bold!

5 DO YOU NEED FLAGS TO ADD IMPACT?

Wind-chaser or traditional flags really do make your outdoor stand more noticeable, adding height, colour and movement. We offer different sizes and designs, so please ask about our full range.

6 HOW WILL YOU MAKE YOUR STAFF AND CUSTOMERS COMFORTABLE?

Many of our trailers have Perspex or glass panels, or folding doors to provide protection from the weather. Internally we can offer **seating** and **storage**, facilities to make drinks, and more.

7 WHAT INTERNAL FURNITURE AND STORAGE SHOULD YOU PROVIDE?

Much of our furniture comes included in the trailer hire price. This includes sofas, chairs, tables, storage cupboards, leaflet holders, bench seating and more. We can also provide our premium range of white leather products for a more luxurious feel.

8 SHOULD YOU USE EXTERNAL FLOORING OR MATTING?

If your external promotion or event isn't on a hard-standing surface, you may need to consider using **matting** or **astroturf** outside the trailer. We also offer pillar and post fencing for areas that need a visually attractive barrier.

9 DO YOU INTEND TO DISPLAY PRODUCT BROCHURES OR VIDEOS?

Our accessories list includes **digital screens**, **traditional screens** and a **video wall** to showcase your products and services and add real impact to your promotion.

10 WILL YOU BE PROVIDING REFRESHMENTS ON YOUR STAND?

For those trailers without built-in kitchens, we offer various options including simple kitchen pods, drinks fridges, ice cube machines and facilities to make drinks, including hot water dispensers and Tassimo machines.

WHICH TYPE OF TRAILER IS FOR YOU?

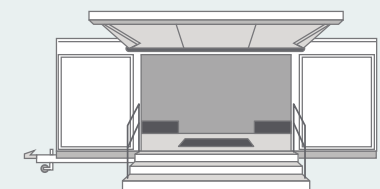

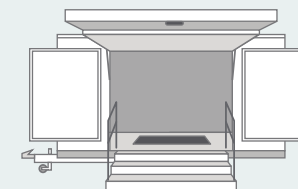

EXHIBITION AND ROADSHOW TRAILERS

Two trailer designs available: sizes range from 3.0m to 6.5m in length

NEED AN OPEN & INVITING SPACE?

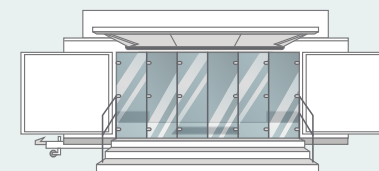

If your aim is to encourage customers or visitors into the trailer then an **open-fronted trailer** may be the answer, allowing you to **engage with visitors inside and outside the trailer**.

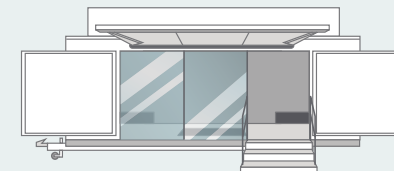

OPEN FRONTED TRAILERS

NEED PROTECTION FROM THE WEATHER?

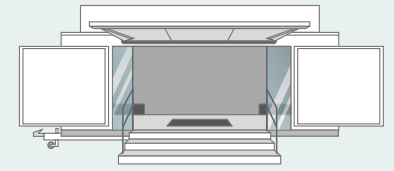

We offer a range of trailers with Perspex or glass panels – from simple side panels, to fully glazed doors, to **lend your event space more privacy and shelter**.

FULLY GLAZED

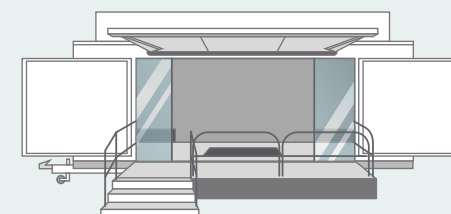

PART GLAZED

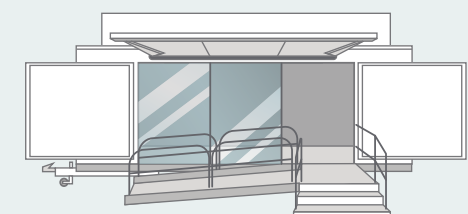

PART GLAZED

NEED AN ACCESS RAMP OR A STAGE AREA AT THE FRONT OF THE TRAILER FOR ADDED SPACE AND IMPACT?

Choose one of our trailers with **barn doors** and a **wind-out canopy** which can be used with the option of our **ramp** or **stage** options (unlike our trailers with hydraulic lift-up canopy and wing panel doors which wouldn't offer enough headroom for this option).

STAGE OPTION

RAMP OPTION

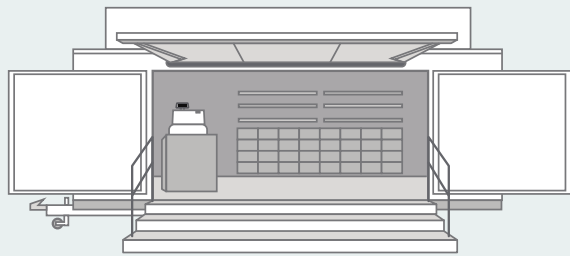

MERCHANDISING TRAILERS

Two trailer designs available: sizes range from 4.3m to 6.5m in length

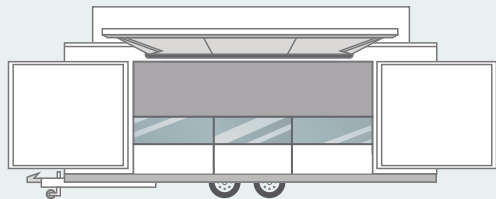

POP-UP SHOP?

If you want **your customers to browse your retail offer**, why not try a more **open trailer** with a **till point, shelving** and **slat-wall panels** to the interior walls?

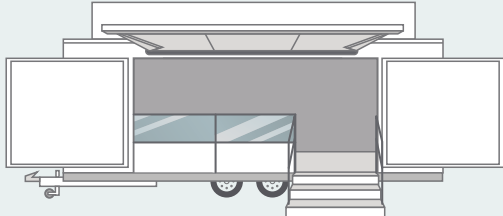

RETAIL COUNTERS?

If you're in the business of **volume selling or ticket sales at major events**, serve your customers across our **retail counters** which can be positioned to meet your requirements.

FULL COUNTER

PART COUNTER

NEED ADDITIONAL SPACE AT THE FRONT OF THE TRAILER?

If you need a facility to **assist with queuing or to add impact**, ask which of our retail units come with an optional **stage area** at the front.

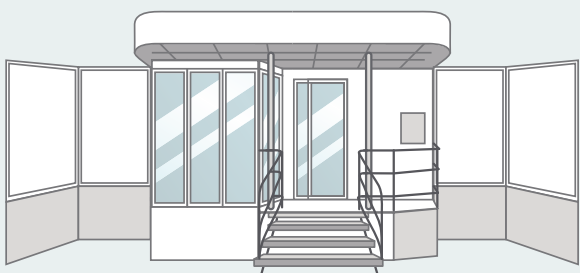

HOSPITALITY TRAILERS

Two trailer designs available: sizes range from 6.8 to 7m in length

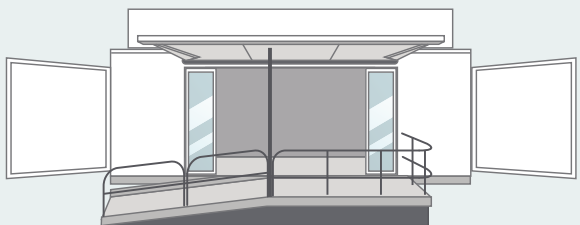

OPEN PLAN?

If you want to engage with your customers in an informal, relaxed setting, try one of our **open plan hospitality trailers** with **kitchen area, 55" TV screen** and lots of **branding opportunities**.

FLEXIBLE SPACE?

If you need more floorspace or want to create seating areas, workspace or private meeting areas, then our **flexible hospitality trailers** will offer a range of options with a choice of **freestanding furniture**, whilst still incorporating a **modern kitchen area** and **large screen TV**.

FLEXIBLE EXTRA OPTIONS

FREESTANDING FURNITURE

KITCHEN & ACCESSORIES

LED TV SCREENS

FREE STANDING DIGITAL SCREENS

MAKE YOUR MARK

Put your business head and shoulders above the crowd

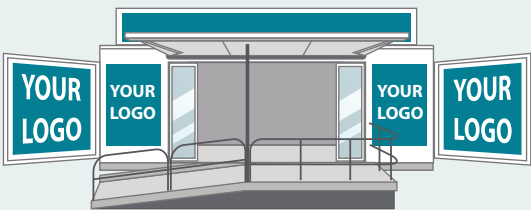

Graphics are an essential element of promoting your brand and maximising the impact of your trailer too. Whether you chose a full vinyl vehicle wrap or our basic package of re-usable Foamex panels, you can create a powerful and lasting first impression. Without it, it can be a case of no appeal, no deal.

We can provide you or your design team with the full set of dimensions for each panel of the trailer you've chosen, so that they can turn your ideas into reality.

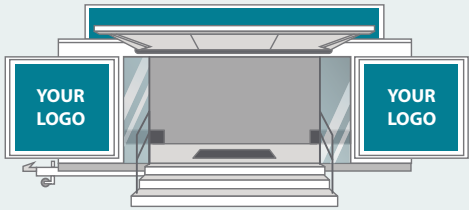

The main options for trailer graphics are vinyl and Foamex panels:

Vinyl graphics are semi-permanent and not re-usable; as soon as the event is over the vinyl is stripped from the trailer. Vinyl can be applied to any external or internal panel and the cost varies depending on the size of the trailer and the panels used. Vinyl is a fantastic option for an eye-catching external wrap on the trailer so is a good choice for long-term hire or for high street campaigns and roadshows where your message needs to be seen by the masses. Don't forget, your trailer is also a mobile advertising tool when it's on the road to your event, providing you with maximum exposure.

Foamex panels are the most popular form of trailer graphics and are applied to wing panels (on the left and right of the front opening) and header board (located on top of the trailer), using aluminium channelling. We use 5mm Foamex and we store the panels between periods of hire, meaning they are re-usable. Foamex panels can also be applied to the internal panels of the trailer, but are not suitable for external panels. Foamex is the most suitable option for shows and events, or for high street campaign trials.

VINYL GRAPHICS APPLICATION

FOAMEX GRAPHICS APPLICATION

All our prices for trailer graphics include printing and fitting (from your supplied artwork) and storage.

If you don't have a team available to design your graphics for you, we can easily put you in touch with our preferred professional design agencies who are experienced in working with trailers.

TRAILER GRAPHICS & BRANDING

LET THERE BE LIGHT

Keeping you connected from start to finish

Unlike many indoor exhibitions, outdoor events don't automatically provide power to your stand. If your event organiser provides power on-site, they may insist that you book it in advance to power lights and sockets inside the trailer, rather than use a generator.

Most domestic and small commercial applications just require a **single-phase supply**, so this should be adequate for your trailer. However, if you also need to power other equipment outside the trailer - heavy machinery, for instance - then contact the electrical services provider at the show or event for advice on whether you need to order **three-phase**.

Our trailers require a **16 amp C-form (blue socket)** supply which provides roughly up to 3.6kw of power. This is sufficient to power lights, heating, TVs, mobile phone/laptop charging and kettles.

Please note that the power supply to stands does vary and sometimes the power reaching the trailer doesn't reach 3.6kw - particularly if they are sharing power across adjoining stands, so there may be an issue for example in powering both a heater and a kettle at the same time.

Silent Generators

If your event doesn't have easy access to a power supply, we can hire 1kw, 2kw or 3kw **Honda silent generators**, which take unleaded fuel. When deciding on the size of generator, you'll need to add up the wattage of ALL the appliances you need to operate. However, due to the type of motor some appliances use, they may require considerably more power when starting up than during normal operation.

If you're powering computers, laptops or screens, rest assured that the Honda generators we provide are inverter generators, specifically designed to minimise power fluctuations and provide a stable supply.

As a general guide, a 1kw Honda silent generator would be sufficient to power the lights within the trailer, and the sockets if they are to be used to simply charge mobile phones.

If you intend to use TV screens or computers and laptops then please request a 2kw generator. For any items which require heating or cooling (hot water dispenser, kettle, fridges, microwave, heater), then a 3kw generator is recommended.

DIGITAL SCREENS

Digital Screen Hire

Digital screens give your trailer a sleek, professional look and will help you make a lasting impression. We have a wide range of digital signage options which are great for displaying products, website launches, training videos and more - these include up to 50" LCD TV Screens, a 2x2 panel video wall, and a number of 42" or 46" monitors which come with the option of touch screen or portrait/landscape orientation. We also offer freestanding portrait digital posters, which are really simple to use. These digital screens offer a simple, tamper-proof 'plug and play' system and run continually whilst connected to a power supply.

TAKE A SEAT

Ideal for entertaining clients or suppliers – or simply taking the weight off your feet

At TCM we have a wide variety of furniture options available to suit your needs and tastes. Our 7m hospitality units have extensive upholstered seating areas, fitted large TV screens, kitchens and storage space as standard. No additional furniture options are required, unless you'd like to add coffee tables, external furniture and accessories.

The 3m to 6.5m exhibition trailers in our hire fleet have no internal fitted furniture, so we provide various options to enable you to tailor the space to meet your requirements. Many of these options are included in the trailer hire price, meaning no additional charge. These include leather sofas and chairs, reception desks, room dividers, product plinths, bench seating and storage, leaflet racks, artificial plants and heaters.

We also hire our premium furniture range for a small additional charge. Comprising white leather sofas and chairs, white or glass-topped tables, and white storage cupboards with built-in LED mood lighting, it sets a more luxurious tone.

Fridges, ice-cube machines, hot water dispensers and more are also available for a minimal charge.

If your hire trailer doesn't include a kitchenette, we have small kitchen pods which can be fitted temporarily into any of our hire trailers, including a kettle, microwave, pump-action sink and water/waste containers.

FURNITURE & ACCESSORIES
**INSIDE
YOUR
TRAILER**

BREAK NEW GROUND

Tables & chairs, plants & fencing and more

We've got a great range of additional options to provide those all important finishing touches to the area outside your trailer.

You can add up to two aluminium bistro-style tables and eight chairs to your trailer hire order free of charge. These can be used either inside or outside the trailer as you wish, and additional tables and chairs can be provided for a small extra charge if you have a larger space to fill.

We can also provide planters and decorative plants (both living and artificial), picnic benches, parasols, patio heaters and signage should you require them.

We also hire commercial grade grey interlocking matting to provide walkways and external ground cover, helping to differentiate your pitch and ensure the visitors to your stand aren't wading through mud.

Picket fencing is a great way to define and add impact to your site, while pillar-and-post fencing is ideal should you need a visually appealing boundary.

For more inspiration, take a look at our website www.tcmtrailers.co.uk and follow us on social media.

FURNITURE & ACCESSORIES
**OUTSIDE
YOUR
TRAILER**

BUILT TO ORDER, BUILT TO LAST

From design to build, after-sales servicing and refurbishment

At TCM, we don't just hire trailers, we manufacture them too.

From our workshop in the Midlands, we individually produce trailers in line with current UK legislation, each type-approved by VOSA for your peace of mind. We're so confident of the quality of our build that we offer an unbeatable 5-year warranty on the trailers we produce, subject to normal wear and tear.

Our service is hassle-free from design to build and includes after-sales servicing and refurbishment. We also offer ongoing support and storage if required, moving your trailer between locations if you don't have access to a suitable towing vehicle or experienced driver.

We're unique in holding ready-to-go 4.3m trailers of various designs in stock – meaning you can collect today and exhibit tomorrow. All our drive-away stock include LED road lights, spare wheel, access steps with handrail, wing panels and header boards for displaying graphics, electric pack with spotlights, two double electric sockets, 16 amp C-form inlet socket and electrical certificate, medium oak vinyl floor, skirting and coving, fire extinguisher and trailer skirt.

The highest levels of quality, the best features

TCM-built trailers are of GRP construction on a fully galvanized chassis – we have three basic designs, on top of which a number of options are available:

- **Chatsworth range** – 3m to 6.5m in length with hydraulic lift-up canopy and wing panel doors.
- **Hardwick range** – 4m to 6.5m in length with barn doors and wind-out canopy.
- **Eastwood range** – 5m to 6.5m in length with glazed sliding doors and premium interior fittings.

Alternatively, if you have ideas about the size and design of trailer you want then speak to us about customised trailers built to your own specification. Sizes range from 3m up to 7m in length, all of which can be towed behind a 4×4 or van.

A range of additional options are available including built-in cupboard space, bench or free-standing seating, glazed or sliding doors, rear personnel doors, kitchen units, retail counters for merchandising and more.

We're so confident of the quality of our build that we offer an unbeatable 5-year warranty on the trailers we produce, subject to normal wear and tear.

**TRAILERS
FOR SALE**

WHY **HIRE** A TRAILER FROM TCM?

HASSLE FREE MAINTENANCE

Trailers and trailer parts **need servicing regularly**, including, wheel bearings, jockey wheel, chassis, tyres, brakes and more...

VALUE FOR MONEY

Many customers who use a trailer frequently have determined that renting is still the most **cost-effective way** to get the job done.

SPICK & SPAN CLEANING

The cost of your trailer hire includes **cleaning prior to delivery** and we'll **clean up after the event** for you (which can be a big job after a long muddy show!)

PEACE OF MIND

You can be fully confident in the **quality** and **durability** of our trailers.

With up to 50 trailers on hire across the UK week in, week out they prove themselves **reliable** and **trustworthy** time and again. All trailers are checked prior to delivery but in the unlikely event of a trailer or equipment issue, **we will replace at no charge.**

FLEXIBILITY TO GROW

Trailer hire enables you to **upgrade** to a newer or larger model **as your business grows**. Many clients start out with small trailers on a small pitch and upgrade once their business matures.

EXTRAS

Fitting out a trailer internally can be expensive but many of our **furniture options come free of charge with trailer hire**. There are a huge range of items for you to select from our brochure.

PREFER TO **BUY** A TRAILER FROM TCM?

Why buy a trailer from TCM?

- We're confident that our **chassis construction** is stronger than our competitors, thanks to better quality galvanising. Our trailers are perfectly balanced for smooth towing, and you're welcome to come to our storage unit to road-test them yourself.
- We only purchase the **best quality GRP board** available, before sealing all cut edges prior to assembly to prevent water ingress and delamination.
- Our trailer **road-lights** and external wiring include **high quality LED lights**. All wiring is protected by heat-welded plastic to ensure durability and is fully accessible.
- The **trailer steps, handrails and hinges** are fabricated to the highest standard and designed with ease of use in mind. We don't use heavy-duty scaffolding-standard stage rails or handrails.
- The **trailer wing panels** for displaying your graphics have been designed in collaboration with our clients at a size which is not vulnerable to strong winds. They're secured simply without the use of unwieldy aluminium bars and supports.
- The **header boards** are supported by mini gas arms enabling **simple and safe setup** by one person.
- TCM **corner legs** are fully accessible for ease of set up.
- As with all our hire trailers, the units we build are designed to be set up and closed down quickly by one person, using a **keyless system** to avoid problematic key handovers and the risk of lost keys.
- All of our trailers are tried and tested and **incredibly durable**: our hire fleet has stood the test of time with trailers used week in, week out for up to 50 weeks a year.
- Our new builds start at **£10,000 +VAT** for a 3m trailer.

In fact, we're so confident in the quality of our build, that we offer you an **unrivalled 5-year warranty**.

Call us on **01543 546 474** or visit our website **www.tcmtrailers.co.uk** for more details.

OUTER SPACE OR INNER SPACE?

Great options to help turn heads your way, both indoors and outside

If you're booked into an indoor space and don't want to use an exhibition trailer, we've got a selection of options available, all designed with simplicity, cost-effectiveness and re-usability in mind.

If you don't want the expense of a large customised stand but want to stand out from the crowd, we'll help you meet your exhibition objectives without breaking the bank.

Our **backdrop** options allow you to print your own graphics onto a reusable fabric tension display system. We'll deliver and set up for you, leaving your staff to simply arrive and promote. Our fabric backdrops dismantle quickly and can be stored to be used again at future events.

Our **exhibition furniture** range includes white or black leather furniture and high gloss cupboards with integrated LED lighting, providing plenty of space for storing leaflets and exhibition materials while ensuring staff have somewhere to keep their personal effects.

If you want to stand out from the crowd, we'll help you meet your exhibition objectives without breaking the bank.

Hi-impact, reusable indoor space solutions

If your shell scheme or exhibition space doesn't include carpet, then our high-impact printed **re-usable floor mats** could be the answer – for example with your company logo or images. Alternatively, we have a range of interlinking foam floor tiles which give the effect of wooden flooring or can even provide Astroturf cut to size.

To complement your stand, we have **furniture hire** options including white or black leather sofas, bar stools, poseur tables, leaflet racks and brochure stands. If your stand requires illumination, we can provide wired or battery-operated **lighting options**.

Finally, our selection of **digital screens**, and **large LCD TVs** along with our **video wall** give you a visual advantage. Stand size may limit what products you can bring to an indoor exhibition, but digital screens enable you to show images and videos of as many as you wish, in an exciting and eye-catching way. You can even add an interactive element to your event with touch screen and internet options, meaning you can communicate with your audience both at the show and beyond.
